

The European Business Aviation Association (EBAA), the leading Association for Business Aviation in Europe protects the interests of more than 350 Business Aviation Companies operating over 900 aircraft. EBAA promotes and supports Business Aviation as an essential sector of Air Transport, serving the Economy and Society.

The EBAA is seeking a **TECHNICAL / OPERATIONS SPECIALIST**

JOB DESCRIPTION

The Technical Specialist will:

- Represent the association and defend its interests at regulatory and technical level through participation and contribution to aviation activities taking place at European and international institutions, especially those having an impact on Business Aviation.
- Assist in developing the association policy on technical matters in cooperation with the association members.
- Monitor regulatory and technical developments affecting aviation safety and operations.
- Draft newsletters and reports.

PROFILE

The successful candidate should:

- Have technical knowledge on the following matters:
 1. Safety regulations and operation of safety procedures and systems as they relate to modern advanced technology business aircraft.
 2. European Commission, Eurocontrol and EASA establishment and working arrangements.
 3. An understanding of the Business Aviation operations and needs.
- Have experience in policy development & industry representation before public bodies.
- Have the ability to communicate clearly and effectively, both verbally and in writing.
- Excellent written and spoken English. Knowledge of other EU languages is considered an asset.
- Be flexible, with a sense of initiative and responsibility. Ability to work independently, but also be a good team worker, able to integrate and work efficiently within a small team.
- Computer literate.

The position is full-time based in Brussels.

Applications must be sent to:
Pedro Vicente Azua, EBAA, Director Operations and Infrastructure
e-mail: pedrovazua@ebaa.org

The deadline for sending the application is 30th August 2008.
