

PRESS RELEASE

#AIROPS20 landing in Brussels. Europe's Premier Event for Flight Operations Professionals takes place 4-5 February 2020.

Brussels, 06 December 2019. **AIR OPS Europe 2020 is on approach to Brussels! Europe's premier event for business aviation operations professionals is scheduled to touch down in the Capital of Europe on 4-5 February 2020. The two-day event will feature an exhibition, practical training opportunities and insightful education sessions.**

"Business aviation ground handlers, airports and FBOs should come to AIR OPS Europe to learn about best practices, harness sales opportunities and network with trip-planners and operators from Europe and beyond," says Athar Husain Khan, Secretary-General of the European Business Aviation Association.

"At the event, flight operations professionals will explore commercial opportunities with operators and other members of the ground handling community. They will also gain unique market insights, and hear the latest from experts on harmonised standards, safety procedures and operational strategies that directly impact their business," adds Husain Khan.

Some 400 business aviation professionals are expected to attend AIR OPS Europe 2020, along with an estimated 30 exhibitors, making it the ideal place to maintain and create relationships in the business aviation support community.

Air Ops is also the place where you can stay up to date with the most recent operational trends with a full [programme](#) of information sessions delivered by experts covering safety, standards, fuel savings strategies, sustainability, tax issues, as well as the competition for talent in the sector, among other hot industry topics.

Among the speakers already confirmed are; [Terry Yeomans](#), Director IS-BAH Programme from [IBAC](#) who will speak on how IS-BAH can help improve both your safety record and efficiency. Also, [Tobias Konik](#), Founder and CEO at [FCC Aviation](#) will walk you through the tools needed to ensure compliance for business jet operators subject to various aviation taxes in multiple countries.
