

PRESS RELEASE

EBAA expands partnership with Osprey to provide operator members with live aviation security alerts

28 May 2020, Brussels. Today, the European Business Aviation Association (EBAA) announced it has expanded its partnership with Osprey Flight Solutions to provide EBAA operator members access to live alerts on emerging incidents, events and situations that have an impact on the aviation security environment.

The extended partnership allows EBAA operator members to gain access to Osprey's premium standard & critical alerts, at no cost. Users can customise and receive proactive "Osprey Alerts" on emerging incidents, events and situations that have an impact on the aviation security environment.

EBAA Chief Operating Officer Robert Baltus said *"EBAA is always working to provide members with best practises and guidance - safety is top priority in aviation. These alerts offer our members' flight departments an additional source of last-minute safety and security info to boost their operational risk management."*

Further commenting on the partnership, Bruce Norfolk, Chief Commercial Officer at Osprey, said: *"Osprey Alerts are an essential component within our system that increase the ability to see, understand and react to threats as they emerge. We are proud to partner with EBAA to support the advancement in the safety and security of its members."*

Earlier this year, EBAA [announced](#) its initial partnership with Osprey in support of their risk management platform, [Osprey:Open](#), providing operators live updates on Covid-19, as well as comprehensive data on incidents and environments that have a daily impact on operations. In addition to Osprey Alerts, EBAA members are able to [register for access](#) to the platform completely free of charge.

To assist EBAA operator members in gaining a better understanding of both Osprey Alerts and Osprey:Open benefits, a series of exclusive, member-only webinars have been scheduled (more dates will be announced soon). To receive Osprey's premium standard & critical alerts, EBAA operator members can sign up to one of the webinars below or contact EBAA directly at membership@ebaa.org.

- Tuesday 2 June, at 12.00 PM (CET) - [Click here to register](#)
- Thursday 4 June, at 3.00 PM (CET) - [Click here to register](#)
- Tuesday 23 June, at 3.00 PM (CET) - [Click here to register](#)
- Thursday 25 June, at 12.00 PM (CET) - [Click here to register](#)

Upon registration, EBAA's membership team will work with Osprey to confirm participants' registrations. Once approved, registered EBAA operators will receive an email with information to join the webinar.

About EBAA: The European Business Aviation Association (EBAA) is the leading organisation for operators of business aircraft in Europe. Our mission is to enable responsible, sustainable growth for business aviation, enhance connectivity and create opportunities. EBAA works to improve safety standards and share knowledge, to further positive regulation and to ease all aspects of closely tailored, flexible, point to point air transportation for individuals, governments, businesses and local communities in the most time-efficient way possible. Founded in 1977 and based in Brussels, EBAA represents +700 members companies, corporate operators, commercial operators, manufacturers, airports, fixed-based operators, and more, with a total fleet of +1,000 aircraft. Follow us on [Twitter](#), [LinkedIn](#), [Instagram](#) and [Facebook](#), or visit our website on www.ebaa.org.

About Osprey Flight Solutions: Setting the standard for aviation risk analysis. Founded in 2017, Osprey fused real-time information, technology and industry leading expertise to deliver the most advanced aviation risk analysis available anywhere. Our revolutionary data-driven approach provides instant situational intelligence to power dynamic decision making. Being able to see, understand and react to threats as they emerge sets a new standard for ensuring the safety and security of passengers, crew and aircraft. Because risk isn't static in a fast-moving, turbulent world. Find out more at www.ospreyflightsolutions.com
